

## Regulatory Compliance/Physician Services Projects

### Referral Source Compliance

- Business enterprise valuation of a 15-physician pediatric practice for potential acquisition by a hospital system, including the analysis of compensation and a “black box” analysis of the insurance plan rates for the practice versus the hospital
- Stockholders’ equity valuation of a surgery center owned as a joint venture between physicians and the hospital system for potential purchase by the hospital system
- PSA valuation of ED staffing arrangement providing staffing and system ED Director to regional hospital system

### Physician Compensation and Service Arrangement Studies

- Compensation study of 14-physician cardiology practice under two-tier compensation structure under several break-even Stark compliant scenarios
- PSA valuation of ED staffing arrangement that provides staffing and system ED Director to regional hospital system
- Fair market rent analysis of the lease arrangement for provision of space and equipment utilization for MRI suite for a regional hospital
- Surgery center management agreement study to determine a reasonable range of compensation as a percent of revenue for the services provided
- Fair market rent analysis for NeuroMeg system owned by a hospital system interested in leasing it to third parties

### Physician Practice Valuations

- Valuation of the electronic medical records of an internal medicine physician practice for acquisition by a hospital system
- Valuation of the equipment of a medical practice to be acquired by a hospital system
- Business enterprise valuation of a physical therapy practice with five physical therapists and two occupational therapists for acquisition by a health system
- Valuation of a neurosurgical manual for acquisition by a health system in conjunction with the acquisition of the physician practice
- Business enterprise valuation of a physician practice with an obstetrician/gynecologist and a pediatric physician for potential purchase by a hospital
- Review of a valuation report for a hospital looking to acquire a medical practice based on a valuation prepared for the five-physician pulmonary and critical care medical practice
